# TE – EU REACH Annex XVII Survey

**Summary:**

**Annex XVII** of Regulation (EC) No. 1907/2006 regarding Registration, Evaluation, Authorisation, and Restriction of Chemicals, also referred to as the **EU REACH Restriction List**, contains the list of restricted substances (on their own, in a mixture or in an article) for which manufacture, placing on the market or use is limited or banned in the European Union.

When substances are on the Restriction List, this not only impacts the use of those substances in products but also the use of those substances in the manufacturing processes (incl. maintenance and repair).

The **official REACH Restriction List** can be found here: https://www.echa.europa.eu/substances-restricted-under-reach

When you have received the relevant TE Connectivity Campaign email, you can respond to the open request by selecting it from your Supplier Portal landing page. Click the **Start** button.

1. On the main page, review the **regulation details** and read the **instructions**. You can preview the survey by clicking the **Preview Survey** button and download the survey to review offline. This way you can make sure that you have all required information at hand before you get started.

2. Use the checkboxes to select the product(s) you want to make a declaration for. If the answers will be identical for all products, you can use the **Declare for ALL** button, otherwise use **Declare for Selected.**
