

# CONNECTING SUSTAINABLY

## Envizi - 2023 Supplier Sustainability Survey

EVERY CONNECTION COUNTS

# TE Supplier Sustainability Survey – Campaign Awareness

TE Connectivity's Ambition is to partner with our direct, indirect and logistics suppliers to strengthen the sustainability of our supply chain.

TE is connecting with top suppliers for awareness on the annual supplier survey campaign aimed to drive overall emission reduction across the Supply Chain.

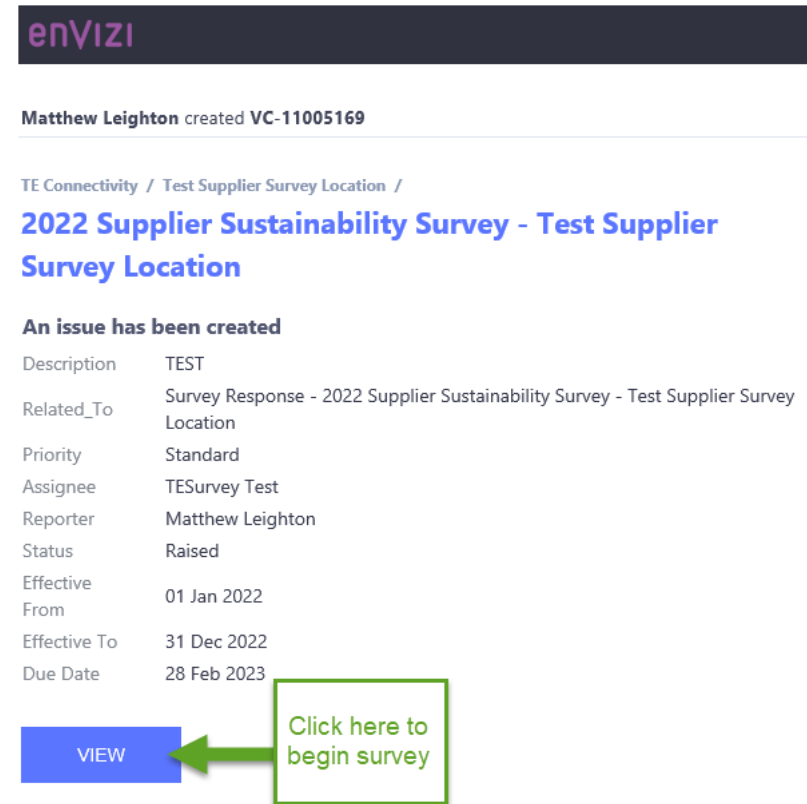

# TE Supplier Sustainability Survey – Email Access

TE will be sending out a customized survey in efforts to better understand our supplier’s sustainability goals and targets.

This survey will be sent through an email from TE’s software partner – IBM Envizi: [messenger@envizi.com](mailto:messenger@envizi.com)

Within the email there will be a specific link that will direct suppliers to their survey.

The screenshot shows an IBM Envizi issue page. At the top, the Envizi logo is displayed in purple. Below it, the text reads "Matthew Leighton created VC-11005169". A breadcrumb trail shows "TE Connectivity / Test Supplier Survey Location /". The main title of the issue is "2022 Supplier Sustainability Survey - Test Supplier Survey Location" in blue. Below the title, a section titled "An issue has been created" lists the following details:

Description	TEST
Related_To	Survey Response - 2022 Supplier Sustainability Survey - Test Supplier Survey Location
Priority	Standard
Assignee	TESurvey Test
Reporter	Matthew Leighton
Status	Raised
Effective From	01 Jan 2022
Effective To	31 Dec 2022
Due Date	28 Feb 2023

At the bottom of the screenshot, there is a blue button labeled "VIEW". A green arrow points from a green-bordered box containing the text "Click here to begin survey" to the "VIEW" button.

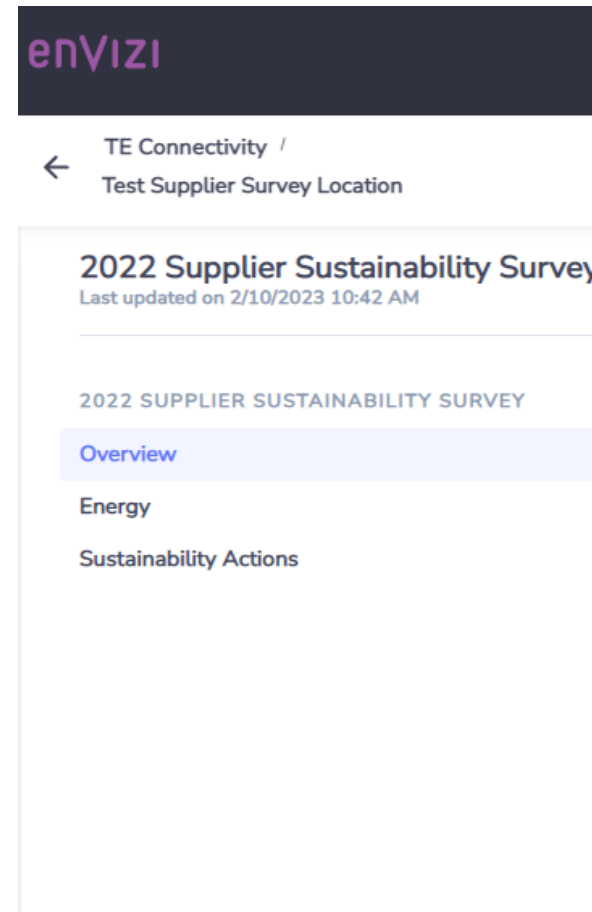

# TE Survey Link

The link that is embedded in the email is a secure sign on to the IBM Envizi survey tool.

The link will automatically direct you to begin the survey.

The survey will be sent on February 16, 2023 and will be open to complete until March 31, 2023.

Surveys can be saved and edited until the completion deadline of March 31, 2023.

# Envizi Password Information

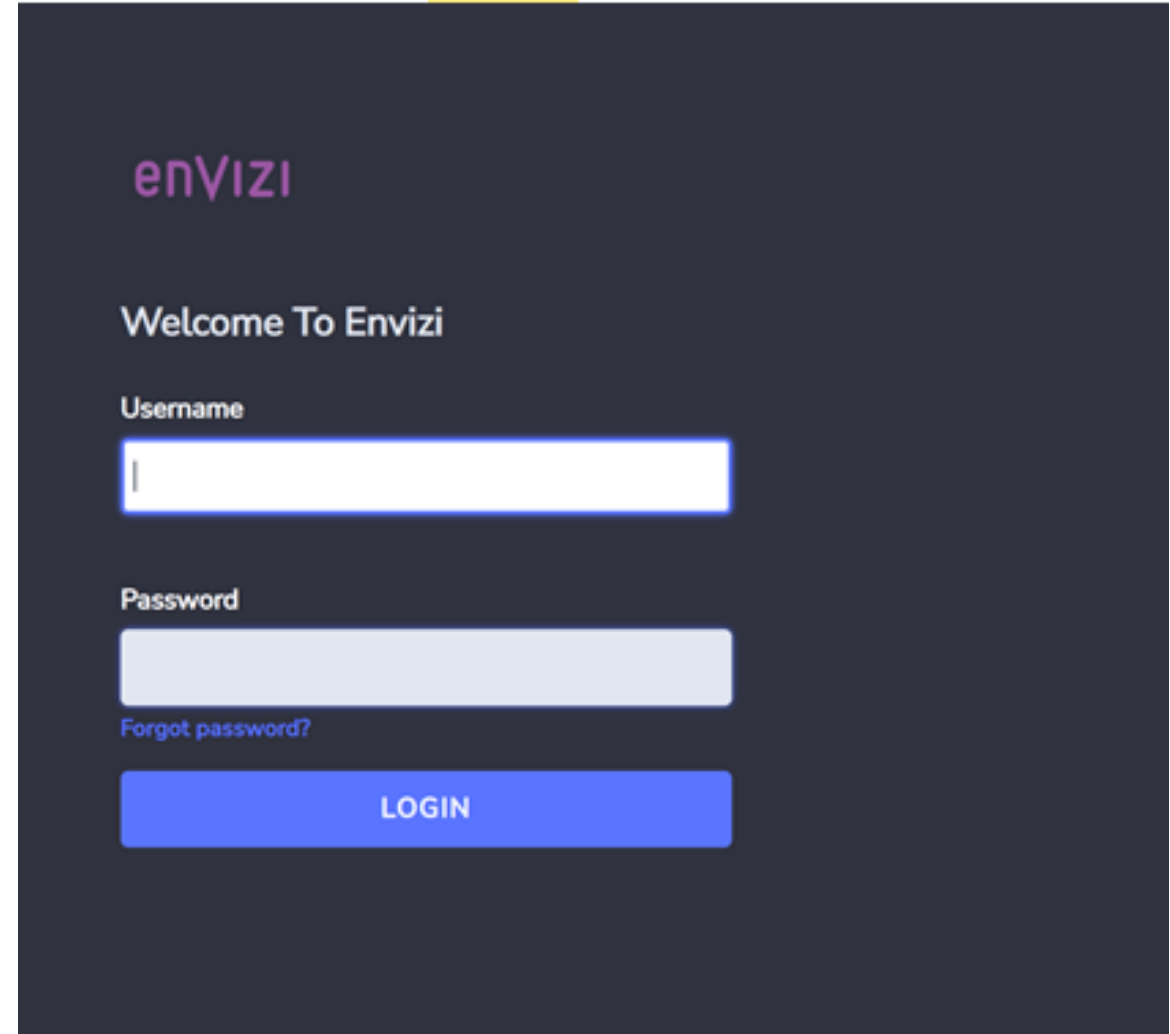

A username and password are required to complete the survey.

Please use the following as the username and password.

**Username:** the respondents' email address.

**Password:** TESurvey2023!

Once logged in, you may reset your password.

The screenshot shows the Envizi login interface. At the top, the 'envIZI' logo is displayed in purple. Below it, the text 'Welcome To Envizi' is shown. There are two input fields: 'Username' and 'Password'. The 'Username' field is currently empty with a cursor. Below the 'Password' field, there is a link for 'Forgot password?'. At the bottom, there is a blue 'LOGIN' button.

# TE Survey Questions

TE would like to first understand what our sales share is with your business. Please provide the percentage in the open field.

The next series of questions regard your carbon neutrality and Scope 1, 2, and 3 commitments

Please state your Scope 1 and 2 Commitment. Example: If your goal is to reduce scope 1 and 2 by an absolute 25% by the target year indicated, please enter 25.

Please state your Scope 3 Commitment. Example: If your goal is to reduce scope 3 by an absolute 25% by the target year indicated, please enter 25.

## Overview

Please provide your supplier name:

What is TE Connectivity's share of your business?  
Please enter percentage as a whole number

Has your company made an internal or public carbon neutrality commitment? (example: SBTi)

Please state your Scope 1 Emissions in Metric Tonnes of CO2 equivalent (MTCO2e) for the reporting period.

Please state your Scope 2 Emissions in Metric Tonnes of CO2 equivalent (MTCO2e) for the reporting period.

Please state your Scope 3 Emissions in Metric Tonnes of CO2 equivalent (MTCO2e) for the reporting period.

# TE Survey Questions

The ending series of questions are focused on your potential plans to reduce GHG emissions.

There are available open fields to provide information for up to five different project plans.

We ask that you provide as much detailed information as possible on the anticipated projects and their expected benefits.

There is a 2,000 character limit for the open text fields.

## Sustainability Actions

Do you have an external GHG emissions verification in place?

Do you calculate Product Carbon Footprints?

Have you implemented Life Cycle Assessments for your products (LCA)?

Have you implemented projects to reduce your GHG emissions? If so, please describe up to 5 of the projects:

Project 1: Describe the project and its expected benefits

# TE Supplier Sustainability Survey – Items To Note:

If you wish to have another contact within your organization complete the survey, they will need to be added as users within the Envizi platform. Please reach out to one of the contacts below for further assistance.

Any questions regarding the scope of the survey questions can be directed to: Michael Stockton ([Michael.Stockton@te.com](mailto:Michael.Stockton@te.com)) and Arda Isildar ([arda.isildar@te.com](mailto:arda.isildar@te.com))

Any questions regarding technical issues or concerns can be directed to: Alexis Rydbom ([Alexis.rydbom@te.com](mailto:Alexis.rydbom@te.com))

Thank you in advance for completing the TE Supplier Sustainability Survey!
