Envizi - 2023 Supplier Sustainability Survey

连接可持续性

Envizi - 2023 供应商可持续性调查

EVERY CONNECTION COUNTS

TE Supplier Sustainability Survey – Campaign Awareness

TE 供应商可持续性调查-活动认识

TE Connectivity's Ambition is to partner with our direct, indirect and logistics suppliers to strengthen the sustainability of our supply chain.

TE Connectivity的目标是与我们直接、间接和物流供应商合作以加强供应链的可持续性。

TE is connecting with top suppliers for awareness on the annual supplier survey campaign aimed to drive overall emission reduction across the Supply Chain.

TE正在与头部供应商联系，以使供应商了解旨在推动整个供应链整体减排的年度调查活动。

TE Supplier Sustainability Survey – Email Access

TE供应商可持续性调查-电子邮件访问

TE will be sending out a customized survey in efforts to better understand our supplier's sustainability goals and targets.

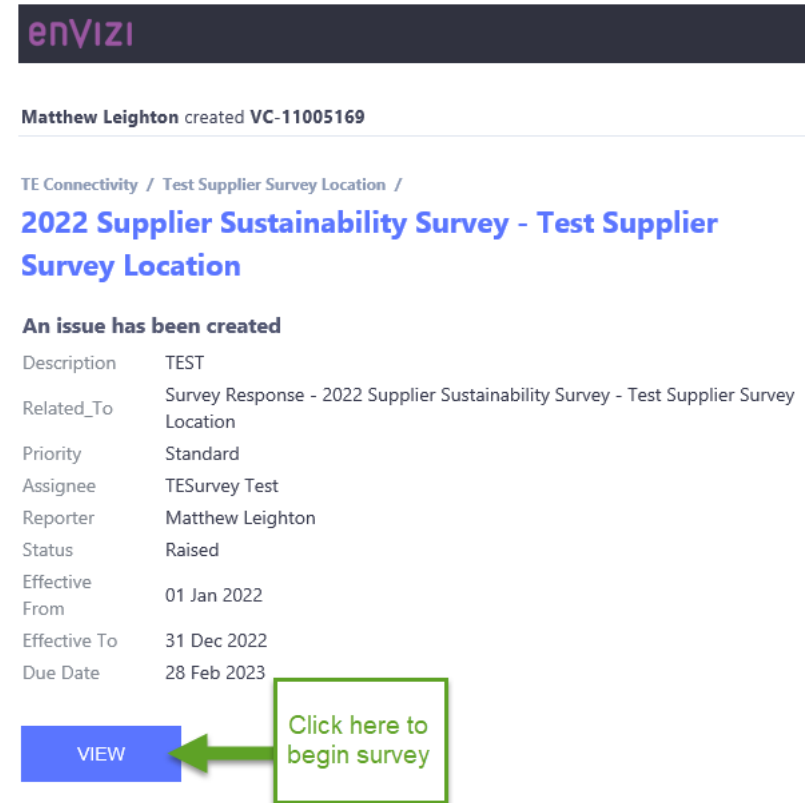

TE将发送一份定制调查，以更好地了解我们供应商的可持续发展目标和指标。

This survey will be sent through an email from TE's software partner – IBM Envizi: messenger@envizi.com

此调查将通过TE软件合作伙伴IBM Envizi的电子邮件发送：messenger@envizi.com

Within the email there will be a specific link that will direct suppliers to their survey.

在电子邮件中，将有一个特定的链接来指导供应商进行调查。

TE Survey Questions

TE 调查问题

TE would like to first understand what our sales share is with your business. Please provide the percentage in the open field.

TE希望首先了解我们在贵公司的销售份额,请在空白字段中提供百分比。

The next series of questions regard your carbon neutrality and Scope 1, 2, and 3 commitments

接下来的一系列问题涉及您的碳中和和范围1、2和3承诺。

The following series of questions requests information on your emissions and energy usage. There are open fields to enter in your information.

以下一系列问题要求您提供有关排放和能源使用的信息，您可以在开放字段中输入信息。

Overview

Please provide your supplier name:

What is TE Connectivity's share of your business?
Please enter percentage as a whole number

Has your company made an internal or public carbon neutrality commitment? (example: SBTi)

Please state your Scope 1 Emissions in Metric Tonnes of CO2 equivalent (MTCO2e) for the reporting period.

Please state your Scope 2 Emissions in Metric Tonnes of CO2 equivalent (MTCO2e) for the reporting period.

Please state your Scope 3 Emissions in Metric Tonnes of CO2 equivalent (MTCO2e) for the reporting period.

TE Survey Questions

TE 调查问题

The ending series of questions are focused on your potential plans to reduce GHG emissions.

最后的一系列问题集中在您减少温室气体排放的潜在计划上。

There are available open fields to provide information for up to five different project plans.

可用的开放字段可提供多达五个不同项目计划的信息。

We ask that you provide as much detailed information as possible on the anticipated projects and their expected benefits.

我们要求您提供关于预期项目及其预期收益的尽可能详细的信息。

There is a 2,000 character limit for the open text fields.

文本字段的限制是2000个字符。

Sustainability Actions

Do you have an external GHG emissions verification in place?

Do you calculate Product Carbon Footprints?

Have you implemented Life Cycle Assessments for your products (LCA)?

Have you implemented projects to reduce your GHG emissions? If so, please describe up to 5 of the projects:

Project 1: Describe the project and its expected benefits

TE Supplier Sustainability Survey – Items To Note:
